## Summary:

This bracelet starts off with alternating triangles along its length and can stretch the height of the triangles, move them all to one side, or square them off.

### Default Dimensions:

Inner diameter: 15mm  
Wall width: 1mm  
Wall height: 2mm each ring  
Space between rings: 2mm  
Total height: 6mm

### Sliders:

1. Increase height between rings from 2-4mm
2. Increase height of top ring to 4mm
3. Extend top ring edge to teardrop shape
4. Increase height of bottom ring to 4mm
5. Extend bottom ring edge to teardrop shape
6. Shear top ring up or down up to 45 degrees
7. Shear bottom ring up or down up to 45 degrees

Rings can individually shear up and down as well as taper off to an edge like the sheared bottom ring at left

Similar design has each ring tapered to a point and then both shear in the same direction
